Hi Debbie,

Thanks for the note...I had no idea David was going to say something! I figured it was just that we haven't had the opportunity to interact much yet, but was a bit worried that I had done something to upset you. Glad to hear all is well, and I look forward to working with you in the future!

See you soon, probably at the next CAG meeting.

Stephanie

I saw David last night and he mentioned I have given the impression to you that your feet stink or something like that and I was MORTIFIED!! I am so sorry if I ever came across like that – I think perhaps I just don't know you as well as Liz and the others, but I want to make it abundantly clear that I think you are terrific and sincerely appreciate all the work you are doing. I thought you handled the public meeting the other night really well too – especially when the Mayor was demanding 60+ tide gates for his storm pipes!

Just wanted to clear it up and, again, sorry if that ever came across that way, Debbie
